FAREWELL

With tonight and tomorrow night their Australian tour.

The farewell program arranged will as the "Politician" should be seen by everyone in town who loves a hearty laugh. And "Pete" Baker also is an artist of the class whose visits are few and far between.

The others are excellent in their various lines. The xylophonists, the two Johnsons and their fair coadjutor, cannot be surpassed in their act, while Dorothy Drew and Katherine Dahl are fine entertainers of the songstress order. The Hiawatha Troubadours produce

a lyric novelty of most pleasing effect and the Austin jugglers have been constant favorites since the opening night. By special request the "Train Robbery" film will be repeated this and tomorrow evening. All those who have not seen the company or enjoyed the winding the red tape which hedges in present programme should make a point of taking in the show before the performers leave for fresh fields.

ALL WANT **PASSPORTS**

Two Last Nights of the Gov. Carter Supplies the Demand From States.

Honolulu is becoming the center of the Nawn Vaudeville company will close distribution of passports for people in their local engagement, leaving on the Western States, who travel toward Wednesday for Sydney, where they open the Orient nowadays, and the State Department at Washington is being ignored. To get a passport, was forbe found to be eminently satisfactory merly a long and tedious proceeding from the amusement standpoint. Nawn for the people of Hawaii, as it often required months for the proper papers to pass between Honolulu and Washington. For over a year now, authority to issue passports has been vested in the Governor of Hawali, but it is only lately that the island people have begun to appreclate the advantages of the new law. Since the first of the year, Governor Carter has issued passports for thirty-four different people bent on foreign travel, and the documents are of as much force and effect as if signed by the Secretary of State himself.

Island people are not the only ones to benefit by the new law. Residents of the Western States contemplating travel to the Orient, instead of unthe State Department at Washington, call on Governor Carter while the steamer is in port, and secure their passports here. It is not a difficult operation to get the certificate that entitles you to the protection of the American government in your foreign travels. Of course you have to be an American citizen and must swear that you will support the constitution. Then two friends are required to take oath that you are a citizen and that you will be loyal to the government. After that you are required to furnish a description of yourself, age, stature, forehead, eyes, nose, hair, complexion and similar
